An example of the suggested bibliographic format
for citing papers contained in this report is as follows:

Sandilands, K.A. and Hann, B.J. 1997. Effect of fish and submersed
macrophytes on the abundance of zooplankton in a prairie wetland. *Univer-
sity of Manitoba Field Station (Delta Marsh) Annual Report* 31:58-62.

The cover photograph of the new Ki-pi-chi-win building
was taken by Gordon Goldsborough.
